

NEW Compliance Tool – SMART Temps Temperature Monitoring

Preferred Vendor

SMART Temps would like to introduce the NEW Wi-Fi SMART Guard!

This specific SMART Guard has been built to communicate with any and all wireless networks within the Pharmacy. Temperature logs are stored on the web based Command Center (www.smart-temps.com), while alerting via text/email/phone during any temperature excursion or power outage. The system exceeds CDC, SDOH, VFC, and SBOP guidelines and requirements.

As an AAP preferred vendor, SMART Temps offers 2 low cost purchase options for any capital or operational budget.

<u>Equipment Purchase</u>	<u>Equipment Lease</u>
Wi-Fi SMART Guard w/NIST : \$159/Guard Annual Monitoring : \$180/Pharmacy	1 Wi-Fi SMART Guard w/NIST: \$20.81 2 Wi-Fi SMART Guards w/NIST : \$27.71
